Job description

Vision Sense is not your regular optometry clinic. We focus on rehabilitation from various visual dysfunctions. We presently have an opening for a Vision Therapist/ Optometric Assistant.

Neuro-optometric vision therapy is an individualized treatment plan for patients with visual deficits as a direct result of physical disabilities, traumatic brain injuries, and other neurological insults. It includes, but is not limited to, post traumatic vision syndrome, strabismus, amblyopia, accommodation, ocular motor function and visual-perceptual-motor abilities.

Requirements:

- Previous experience working with people and have demonstrated skills in teaching or coaching;
- Expected to learn, retain, and teach a significant amount of material related to vision;
- Ability to follow and adapt to individualized patient programs, under the direction of the Optometrist;
- Ability to provide all dispensary related services as they relate to therapeutic glasses ie. measurement taking, glasses/lens ordering, glasses fitting and minor repair, neutralizing prescriptions and answering patient questions
- Our team environment requires shared responsibility and mutual respect and kindness. You are instrumental in creating a positive office climate where our patients are cared for in an exceptional manner;
- A degree in kinesiology, nursing, teaching, or certification as an optician would be considered an asset;

There will be opportunities for continuing education. You will be required to obtain certification as a Vision Therapist.

Starting salary is \$16/ hour for four months of training.

Company Mission/Vision Statement

It is our commitment to be a center of excellence, where people with visual dysfunctions and challenges are welcomed, understood, and guided through their recovery. We are committed to the highest standards in neuro optometric care.

If you have been looking for a job where you can make a positive difference, then please apply.

Job Types: Full-time, Permanent

Salary: From \$16.00 per hour

COVID-19 considerations:

All patients/ staff wear masks, check-in protocol, consistent cleaning between appointments.
